

Worry-Free Membership Application

Your membership provides you with valuable services and most importantly, we actually include system cleanings and checks within the membership and it's not a hidden cost. Cleaning your system is the only way to ensure high performance and longevity.

Your discount for possible repairs is dependent upon the plan you choose that fits your budget. A properly cleaned system will deliver better performance and will be more likely to provide uninterrupted service.

Platinum customers also get an added benefit of receiving a box of filters for monthly filter changes. This helps save you time and money and we send you a reminder of when it's time to change the filter.

All memberships accrue and the unused portions can be directly applied to a new system purchase. A club membership is the easiest way to ensure your lifetime warranty on a new system or replacement part is kept valid. As a club member any work that is performed that you are not 100% satisfied with will result in a full refund.
